On Social Media

When used as social media avatars, the logo should be used with the right amount of clear space on all sides.

We have developed two approved avatar images found here on this page. They are each approved for both circular and aquare avatars shapes of all sizes.

While the layout of these avatars should not be altered in any way, approved secondary brand colors may used ton address special events, holidays , and seasonal changes.

Word Mark

All approved color combinattion may be used
. The word mark must be viusally centered ,
not mechanically
